Hello,

My name is Heather Huff and I am interested in serving EASMC as the ESP member-at-large. I have been serving the staff of St. Mary's County Public Schools in the Fiscal Services and Human Resources departments as the Insurance Specialist for twelve years. Before joining St. Mary's, I held many positions in Charles County Public Schools all within the Finance Department.

I am very interested in becoming a member of the EASMC leadership team for a variety of reasons. I have worked with staff to educate them on available negotiated and mandated benefits and have always served as an advocate for employees with leadership. As a result of those experiences, I have a keen understanding of the role and function of the association and I would like to play a part in assisting with the continuing work that needs to be done on behalf of the educators and support staff in our district.

Also, I have experience working closely with staff and leadership to brainstorm ideas, listen to the needs of our employees, and work collaboratively toward a common goal. I believe in the power of a group process, and understand the importance of bringing a representative group of stakeholders to the table to develop goals and long range strategic planning. I am a collaborative person by nature and enjoy the synergy that comes about from a dynamic group process.

Finally, I believe that it is vital to EASMC and SMCPS for educators and support staff to be involved, represented on committees, and be invested in the decisions that are being made relative to our health, job safety, welfare, and working conditions. I want to be part of the solution, and the only way to do that is by putting myself out there to be involved in these types of opportunities. If I am nominated for this position, I will be diligent about that responsibility and will do my best to make positive and meaningful contributions. Thank you for your consideration of my nomination.
